Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key information about the continuous improvement goals and educational progress of Webster Elementary School students based on 2016-17 assessment results. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Lora Boka, Principal of Webster Elementary School, for assistance.

The AER is available for you to review electronically by visiting the following web site <http://webster.livoniapublicschools.org> or you may review a copy by contacting the Webster Elementary School office.

Schools have been identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA) based on their 2016-17 State Testing Results. A Target Support and Improvement (TSI) school is one that has at least one underperforming student group. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education. Based on this data, our school has identified that students with excessive absenteeism are consistently outperformed by their peers in all subjects, for whom additional intervention and support is needed in order to increase their proficiency and to close the achievement gap in the targeted areas.

In place is a multi-tiered system of support, including the use of the research-based interventions. In addition, ongoing professional development and dialogue focusing on strategies to support struggling learners takes place regularly. Ongoing analysis of formative assessment to determine the needs of all students, followed by the provision of targeted learning intervention to students in need.

These initiatives are intended to accelerate the student achievement of subgroups, including the state's Bottom 30%, that are not meeting our school's proficiency targets.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Lora Boka, Principal

## **MISSION STATEMENT**

The Community of Webster Elementary School dedicates itself to ensuring a safe and nurturing learning environment that facilitates personal growth and meaningful interactions of all children and adults. Students will leave our school empowered to think clearly, care deeply, and act wisely.

## **SCHOOL VISION**

Webster Elementary School will become a school where the unique development and cognitive needs of all students are met. Our students will acquire knowledge and skills through differentiated experiences that honor unique learning styles as they become lifelong learners.

We believe:

- All students should have opportunities to be authentically engaged.
- All children can learn and want to learn.
- All children need a safe, respectful, and trusting environment in which to learn.
- All students contribute to the community.
- All students have unique skills and talents and multiple learning styles that must be honored.
- All children should have the opportunity to learn process skills, which are key for students to think clearly, care deeply and act wisely.

## **SCHOOL PROFILE**

The Webster Elementary School population of students represents 306 children enrolled in the Alternative Classrooms for the Academically Talented (henceforth called ACAT Program), and 75 children enrolled in the program serving students who are moderately cognitively impaired or on the Autism Spectrum (henceforth called ACT 18). The principal of Webster Elementary School is Lora Boka, and there are 22 professional teaching staff members, 17 paraprofessionals assisting in the classrooms, and a media specialist.

In addition, there are the following professional support staff: one part-time ACAT Facilitator, one part-time program specialist, one part-time psychologist, one student support (ESAP) staff, school social worker, two speech and language consultants, one occupational therapist, one physical therapist, homebound or hospitalized services, and hearing, vision, orientation and mobility consultant services.

Assisting all of us in keeping the building operating in an organized manner, keeping the building clean, serving nutritious food, and helping teachers and students, are: 2 custodians, 1.5 secretaries, 1.5 cook and 6 lunchroom personnel.

***State law requires that we report the following additional information.***

## **ASSIGNING PUPILS TO THE SCHOOL**

All students are assigned to Webster Elementary School based on eligibility criteria identified for entry into each program. Grades 1-6 students reside in the Livonia Public School district, as well as other Wayne County districts. Students in the Primary/Intermediate program reside in one of 13 local districts in the northwest and southwest regions.

## **SCHOOL IMPROVEMENT**

School improvement is a process in which stakeholders in a school work cooperatively to improve student achievement. The process relies on staff, parents, and students participating in collaborative decision making in formulating and implementing achievement goals. The goals are determined through analysis of student achievement data and survey information. Action plans using proven interventions are developed for each improvement goal and progress toward achievement of the goals is documented annually.

School Improvement Goals for 2016-17 and 2017-18:

### **ACAT**

**MATH GOAL:** All Webster students will become proficient in math. Webster students will demonstrate a proficiency in their ability to construct viable arguments and critique the reasoning of others in Math.

**READING GOAL:** All Webster students will become proficient in reading. Webster students will demonstrate a proficiency in reading closely to determine what the text says explicitly, to make logical references from it, and cite specific textual evidence when writing or speaking to support conclusions drawn from the text.

**WRITING GOAL:** All Webster students will demonstrate a proficiency writing informative/explanatory texts to examine and convey complex ideas and information accurately through the effective selection, organization, and analysis of content. (Science Topic)

### **ACT 18**

**MATH GOAL:** All Webster students will demonstrate a proficiency to make sense of money problems and persevere in solving them.

**READING GOAL:** All Webster students will be able to determine the main idea of a social studies/geography/informational text at their level.

**WRITING GOAL:** All Webster students will be able to show growth in producing/contributing to writing an opinion to show understanding of a Science topic.

The Livonia Public Schools School District has had its District Level accreditation through AdvancED. Through the district accreditation process, Webster Elementary School also received AdvancED accreditation. The AdvancED accreditation process supports and validates district and school level improvement efforts.

## SPECIALIZED SCHOOLS OR PROGRAMS

At the elementary level, students may be enrolled in Alternative Classrooms for the Academically Talented (ACAT) at Webster Elementary School, Niji-Iro Japanese Immersion Elementary School and special education centers at Coolidge, Grant, Johnson, Kennedy, Randolph and Webster. A preschool is operated at the Jackson Center, a Great Start Readiness Program (GSRP) is located at Garfield Community School, and preschool special education programs are located at various locations in the district. Other special education programs are available in western Wayne County for our students with disabilities, based upon their individual needs. Specific information about these programs is available on the district Web site at [www.livoniapublicschools.org](http://www.livoniapublicschools.org).

## CORE CURRICULUM

The core curriculum for the K-6 program provides learning experiences in reading, writing, speaking, listening, spelling, handwriting, mathematics, social studies, science, technology, health, physical education, art, vocal music, and enrichment activities. The core curriculum is based on the grade level content expectations (GLCEs) from the Michigan Department of Education and the Common Core State Standards for Mathematics and English Language Arts.

The ACAT 1-6 program is designed to reflect the Integrative Education Model (IEM). The IEM is a model of learning and teaching that is structured, complex, decentralized, and individualized. In every subject area the IEM combines thinking with feeling, intuition, and physical sensing. The curriculum is differentiated in that it varies in pacing, depth, and methodology. It is structured around the major concepts of the discipline and the materials are appropriate to the learning levels of the students. The curriculum involves frequent use of field resources and the community as an extended classroom. Emphasis is placed on higher level thinking processes such as application, analysis, synthesis, and evaluation. Differentiated curriculum involves teacher-student planning, student self-direction, and independent study.

In the ACT 18 program, we recognize that there is only one curriculum-the general education curriculum. However, we also recognize that students in our ACT 18 programs need the general education curriculum modified through the use of the Essential Elements to meet their individual educational needs. We include a delivery model based on best practices and methodology in education today. In light of the changing technology, statewide standards and testing, and the higher expectation levels we have for our students, we believe that we must always thoroughly review and update how the curriculum is assessed and taught. We include several staff members on district and county workshops/committees regarding curriculum and curriculum delivery models for students with special needs. Our ACT 18 programs align their school improvement goals to match the ACAT 1-6 program where appropriate. We embed as many academic skills (mathematics, reading, handwriting, science, social studies, library skills, P.E., art and music) and life skills (communication, motor, social skills and cultural literacy) into our students day.

Included in the curriculum are carefully selected, relevant objectives from the general education core curriculum. The primary levels draw from the kindergarten and lower elementary grade curriculum. The intermediate levels include objectives from upper elementary subjects. We integrate the essential elements of the common core standards to the appropriate level of our students. We want all of our students to leave our programs as best prepared and independent as they can be.

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understandings that are necessary for their continual growth and success as students within the school setting and as adults in society. As a result of sound K-12 education based on well-defined educational outcomes, a Livonia Public School graduate will:

- Respect self, others, and the environment.
- Communicate effectively.
- Know how to learn and work productively.
- Acquire and process information.
- Use critical and creative thinking to make decisions and solve problems.
- Work and participate independently and cooperatively.
- Acquire a core of understanding and competencies within the content areas.

A copy of the core curriculum may be obtained from the district's Academic Services Department.

## STUDENT ACHIEVEMENT ON DISTRICT DEVELOPED AND NATIONAL ASSESSMENTS

### DISTRICT LITERACY ASSESSMENTS

Students in grades 1-6 are assessed using the Fountas and Pinnell Benchmark Assessment System. Teachers administer running records with comprehension to students one-on-one.

Students in grades 1-2 are assessed a minimum of three times each year. Students in grades 3-6 are assessed a minimum of two times each year. The following table shows the percent of students at each grade level that performed at or above grade level on this assessment.

FOUNTAS AND PINNELL BENCHMARK ASSESSMENTS GRADES 1-6 Percent of Students that Performed At or Above Grade Level						
Spring 2017	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6

## **PARENT TEACHER CONFERENCES**

One of the most important factors of a child's success in school is the involvement of parents or guardians in the educational process. Webster Elementary School has a high degree of parental involvement, as 381 (100%) parent teacher conferences were held during the 2016-2017 school year and 390 (100%) parent teacher conferences were held during the 2014-2015 school year.

## **PARENT INVOLVEMENT**

The district's Parent Involvement Plan is available on the district's website, which is linked to each school's website.

# **BOARD POLICY**

**IDD**

**INSTRUCTIONAL PROGRAM  
PARENT INVOLVEMENT**

**JUNE 20, 2011  
Reviewed 5/2014**

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs. It is recognized and appreciated that parents/guardians are the "first teachers" of their children, and that their interest and involvement in the education of their children should not diminish once their child enters the schools of the District. Accordingly, the Board directs, by the adoption of this policy, that the administration shall design a program/plan that will encourage parent(s)/guardian(s) participation that may include, but not be limited to: The development and review of instructional materials; input on the ways that the District may better provide parent(s)/guardian(s) with information concerning current laws, regulations, and instructional programs; and District offerings of training programs to instruct parent(s)/guardian(s) how to become more involved in their child's educational programs.

Pursuant to state law, the Superintendent shall provide a copy of the District's Parental Involvement plan to all parents.

## DATA FROM MICHIGAN DEPARTMENT OF EDUCATION

These reports contain the following information:

**Student Assessment Data** – Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternate Assessment), and College Board SAT. Presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and science for grades 4, 7, and 11, compared to state averages for all students as well as subgroups of students. The report helps users to understand achievement performance within grades and schools, and to make comparisons to district, state, and national achievement benchmarks.

### **Accountability – Detail Data and Status**

The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability index values showing school performance on a 0-100 scale.

### **Teacher Qualification Data**

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

### **NAEP Data (National Assessment of Educational Progress)**

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8
