You can access ParentConnection information through a secure website, using the PIN (Personal Identification Number) and password which is emailed to parents and guardians upon registration of a **new** student. To access the site, visit our website at www.livoniapublicschools.org and click on the Parent tab, then select ParentConnection.

Parents of **current** students should have received their PIN and password last year. If you need your information, click on "[Need your login information?](#)" on the ParentConnection login screen. Additional information and complete instructions on accessing the site can be found on our website at www.livoniapublicschools.org under ParentConnection Information (located under the Parent tab).

All of your children should appear under one account. If you have multiple accounts, please email ParentConnect@livoniapublicschools.org.
